Day 1: Loldia House, Lake Naivasha

Lake Naivasha

Lake Naivasha is the highest of the Rift Valley Lakes and despite having no outlet is one of only two Rift Valley freshwater lakes. The beautiful lake is fringed by papyrus and acacia trees and supports a vast array of bird species. Although it is more than 10kms across it is very shallow and its area varies considerably with the rainfall, so much so that in the early 1900s it totally dried up.

Overnight: Loldia House [View iBrochure](#)

Loldia House you'll experience the life of Kenya's early settlers. Loldia House is an ideal spot to relax, taste the pleasures of Kenyan country life and explore the Great Rift Valley. There are beautiful views of the dormant volcano, Mount Longonot. Wild animals roam free on the farm and in the evenings hippo munch quietly by the waterside. Loldia House is only a two hour drive from Nairobi and within easy reach of Nairobi's International Airport. It is a perfect place from which to begin your exciting safari holiday around Kenya. It is also conveniently located for day trips to the famous Lake Nakuru National Park. There are now also daily flights on Governors Aviation direct from Loldia House to the Masai Mara.

Day 3: Sabuk Lodge, Laikipia

Laikipia

Laikipia is where Kenya's wild and semi arid northern frontier country starts. The majority of the conservation occurs on privately owned and community ranches centred round the Laikipia National Reserve. Many of the ranches run cattle together with wildlife safaris and you can experience conservation that includes rather than excludes people going about their day to day lives, conserving not only wildlife but a way of life. Many of the lodges are family homes and despite this domesticity the wildlife includes dangerous game like lion, leopard, buffalo and elephant.

Overnight: Sabuk Lodge

Sabuk is remote and beautiful...an exclusive wilderness haven on the edge of the Northern Laikipia Plateau. Perched on a cliff overlooking the Ewaso Nyiro River, which cascades beneath the lodge all year round. Sabuk, which remains

Day 5: Governors' IL Moran Camp, Masai Mara Reserve

Masai Mara Reserve

The Masai Mara together with Tanzania's Serengeti form Africa's most famous wildlife park. The image of acacia trees on an endless grass plain epitomises Africa for many, and then add a Masai warrior and some cattle to the picture and the conversation need go no further.

The annual wildebeest migration through the Serengeti and the Masai Mara is the largest mass movement of land mammals on the planet – with more than a million animals following the rains. But that is not where the game viewing ends; large prides of lions, elephants and giraffes in grasslands, gazelles and eland to mention but a few. Aside from traditional vehicle safaris, hot-air ballooning over the Mara plains has become almost essential and you can even do a horseback safari.

Day Notes

You will be transferred to the Loldia airstrip to catch the Governors Aviation flight direct to the Mara. Flight time is approximately 40 minutes, flying over the scenically beautiful Great Rift Valley. Arriving in the Masai Mara and transfer to Camp. Pre dinner drinks around the campfire, a candlelit dinner in the dining tent or around a blazing campfire and overnight at Governors' Ilmoran Camp.

Overnight: Governors' IL Moran Camp [View iBrochure](#)

The camp for those who want that extra bit of luxury. We've kept Governors' IL Moran Camp small and intimate, with added touches that make this the top of the range safari. IL Moran is widely regarded as the premiere camp in the Masai Mara. Hidden under ancient trees, deep in the forest, are just 10 tents. They line the winding banks of the Mara River. You'll be the personal guest of our manager, who'll look after all your needs. Game drives and game walks are included in the rate and complimentary wine is served with dinner. The camp is situated along the banks of the Mara River, right in the heart of the Masai Mara Game Reserve, with the best game viewing right on your doorstep.

Private Camp can only be booked by one family or group at a time, so it's yours to enjoy, as the name suggests, in private. We've picked a spot where animals come to drink, hippo laze in the shallows, elephant bring their calves for a playful dip. The forest around the camp is home to many beautiful birds from rare Trogons and Turacos to nesting Hornbills. Personal attention is the hallmark of a stay here. You benefit from our very best guides and trackers, whose knowledge of the Reserve is unsurpassed. Backed by the vast resources of the Governors' Family of Camps this is the ultimate safari.
